About choice filling

- Single choice list based on two quotas : GUJCET based and JEE

- Best choice will be allocated to you

- DO NOT CHANGE YOUR PRIORITY due to this

- You can surely fill maximum choices all shown to you. Actually, you should fill maximum choices because this is exercise which gives you maximum benefit of this process.

- The choices once filled can be added another choice, alter the filled choice, and deleted filled choice also when the choice filling tenure is available for that particular round.

Best practice for choice filling

- First identify the institutes and branches where you are interested to take admission.

- The list shall be as large as possible.

- Do not miss to include top most priority even if your merit does not match to it.

- As well as do not miss to include those choices in your list where you are comfortable to get admission even may be lower cutoff than your merit rank.

- Arrange them in priority, like first keep those choice where you want to take admission first including TFWs choice.

- Then think that if you are not able to manage admission there due to low merit cut off what could be the next choice. Prepare list like this. And make it as long as possible.
